SG: Radhakrishnan panel consulted before preparing interim report

Mamata to table reforms by Oct

NEW DELHI The Centre on Friday told the Supreme Court that the National Democratic Alliance (NDA) government had held extensive consultations and is likely to submit its first interim report by the end of this month.

Solicitor General Tushar Mehta told a bench of Justices PS Narasimha Iyer and Anurag Mishra that all the suggestions had been placed before the panel which had held consultations with the members of an earlier committee led by former BSDF chairman K Radhakrishnan.

He also said the panel was returning to the Department of Personnel and Training (DoPT), who is monitoring the National Policy, to file an affidavit before the court on the steps taken so far.

It told Mehta that the most important thing in the sector is that the government should look into institutionalisation of the process to conduct the National Civil Service Examination (NDA).

The bench said the NDA committee had also made efforts to institutionalise the process to structural reforms but the problem is implementation of those suggestions.

Mehta assured the bench that the first interim report of the Radhakrishnan committee was also as petitioners and other stakeholders are being looked into by the National Policy.

It is the top most priority for the government, and the assistance will be provided, Mehta told the bench. The apex court bench directed that the affidavit filed by the NDA must be supported on its website, so that people can make their own informed decisions.

It also asked the Centre to appoint a nodal committee, where people can submit their suggestions. "You must make that permanent body, which will be a permanent body, permanent staff, permanent DoPT, who is assisting NDA, to file affidavit before SC on the steps taken so far."
