RISK TO INVESTORS

For details refer to section titled "Risk Factor" beginning on page 30 of the Red Herring Prospectus.

1. Risk to Investors: Summary description of key risk factors based on materiality.

- We continue to derive a material portion of our revenues from our Corporate Promoter - Concept Communication Limited. We derived 12.62% of our revenue (on a consolidated basis) from Concept Communication in Fiscal 2026, and 44.12% and 14.48% of our revenue (on a standalone basis) in Fiscal 2025 and Fiscal 2024, respectively. If Concept Communication were to suffer a deterioration of their business, cease doing business with us or substantially reduce their dealings with us, our revenues could decline, which may have a material adverse effect on our business, results of operations, cash flows and financial condition.
- We continue to derive a material portion of our revenues from our top 10 clients by revenue generated in each of the Fiscals 2026, 2025 and 2024 ("Top 10 Clients"). We derived 52.12%, 85.95%, & 73.46% of our revenue from our Top 10 clients in Fiscal 2026, 2025 & 2024 respectively. If any or all of our Top 10 Clients were to suffer a deterioration of their business, cease doing business with us or substantially reduce their dealings with us, our revenues could decline, which may have a material adverse effect on our business, results of operations, cash flows and financial condition.
- Our Registered Office is situated in Maharashtra and we derive a significant portion of our revenue from state of Maharashtra, making us vulnerable to geographical concentration risk. Any adverse developments affecting our operations in Maharashtra could have an adverse impact on our revenue and results of operations. We derived 29.58%, 80.82%, & 70.80% of our revenue from the state of Maharashtra in Fiscal 2026, 2025 & 2024 respectively.
- Our Company proposes to use a portion of the Net Proceeds from the Fresh Issue to acquire the remaining shareholding of AdLift Marketing. We may face difficulties in completing the acquisition of additional stake within the terms mentioned in share purchase agreement, affecting our future plans and prospects.
- We are yet to identify a final location for our proposed studio set ups. Consequently, there is a risk that we may not be able to lease the facilities suitable for our needs within the projected timeline and budget. This could lead to delays in our planned expansion and an increase in expenditure costs, which would adversely affect our business, prospects, and financial results.
- We have had negative cash flows from operating activities and investing activities in the past and may, in the future, experience similar negative cash flows.

- There are certain instances of delays in and non-payment of statutory dues by us. Any further delay in and non payment of statutory dues may attract financial penalties from the respective government authorities and in turn may have an adverse impact on our financial condition and cash flows.
- Companies may move their advertising projects, market research and data analysis functions inhouse and set up dedicated departments to service their marketing needs, thus reducing our prospective customer base. This may adversely affect our revenues and growth prospects.
- Our operations are dependent on a limited number of key suppliers. Contribution of our top 10 suppliers was 62.88% (on a consolidated basis), 74.47%, & 80.02% (on a standalone basis) in Fiscal 2026, 2025 & 2024 respectively. Any disruption or change in terms with these suppliers could impact our ability to deliver services, affecting our business, financial condition, and results of operations.
- Our revenues are highly dependent on certain key industries which include IT & Communication, FMCG & Financial Services. Over the last 3 years we derived 66.85%, 83.80%, & 75.82% for Fiscal 2026, 2025 & 2024 respectively from companies in these industries. Any decrease in demand for marketing services in these industry verticals could reduce our revenues and adversely affect our business, financial condition and results of operations.
