[illegible]

INDIA IS ON course for its driest monsoon in 17 years as a strengthening El Niño curbs rainfall, threatening crops and raising food prices.

Cumulative rainfall during the June to September monsoon season is 15% below the long-term average so far, according to the India Meteorological Department (IMD). If the deficit persists, it would be the weakest monsoon since 2009, when precipitation was 11% below normal. The weather office had forecast a 10% shortfall for this season back in May.

The 15 LWB

Launched last week priced at ₹79.9 lakh (as shown), the 15 LWB has a strong road presence. Spanning over five metres with a 3,105 mm wheelbase, it offers a lounge-like rear seat legroom, and its adaptive air ride suspension effortlessly glides over bad roads. Sliding out of its whisper-quiet cabin into the cabine of Spicy Duck felt like a natural extension, as the restaurant's lively atmosphere mirrored the BMW's rich interior.

Spicy Duck

As Chef Thanglaem Valle explained, Sichuan cuisine is all about balancing bold heat and intense spice, whereas Cantonese cuisine prioritises subtle flavours. Spicy Duck balances both traditions.

The meal began with dim sum paired with chilli bean paste, scallop, and mustard sauce. The broccoli and corn vialini felt crunchy, while steamed edamame dumpling infused with truffle oil delivered a rich taste. The golden corn cake with soy chilli coriander provided a somewhat understated follow-up. The water chestnut in chilli oyster with shiitake mushroom and pork belly delivered a healthy hit, complemented by the clay pot stewed Ma Po bean curd. The stir-fried green vegetables with sautéed garlic tasted fresh, paired with non-greasy well-tossed noodles and fried rice.

To conclude, the pineapple mango cake with vanilla ice cream was close to perfect — and ordering a second portion felt natural.

Back to the car

Just as Chef Valle balances Sichuan and Cantonese flavours, the 15 also strikes an equilibrium. Generating 248 hp and 410 Nm of torque, it reaches 100 km/h in 6.7 seconds — fast, but slower than its petrol counterpart. Its real-world electric range of 450-500 km easily alleviates intercity range anxiety — although the claimed range from its 81.6 kWh battery is up to 669 km.

No matter how good a restaurant is, there is often an item or two that doesn't wow your taste buds — the vegetable Manchurian soup at Spicy Duck tasted bland despite its healthfulness — and similarly, no car is without imperfections. The 15, for instance, retains a central transmission tunnel in the rear seat area, eating into legroom.

For those seeking authentic Chinese cuisine, Spicy Duck offers a good balance — almost matching the tranquil, electric conduct of a long-wheelbase German sedan.

Personal Finance

NRI's opt for higher-cover term plans from India

PREMIUMS ARE LOWER BY UP TO 50% THAN COMPARABLE OVERSEAS POLICIES

SAIKAT NEOGI

NON-RESIDENT INDIANS (NRIs) are increasingly opting for higher sum assured term plans from India. They are also buying riders to build a comprehensive protection against multiple financial risks through a single policy.

The share of NRI purchases of term plans of sum assured ₹1 crore and above has increased by 15% in the last one year because of the removal of GST on life insurance premiums and propitious underwriting rates in India.
